February 2026

Dear valued customer,

We would like to inform you of an update to our high-temperature coatings portfolio in the EMEA region. Following a detailed technical and business review, **PPG HI TEMP 1000** has been **discontinued** and is no longer available for sale in EMEA. This decision supports the simplification of our product offering and ensures focus on our most robust and proven technologies.

Please note the following important information:

- **PPG HI TEMP 1027** and **PPG HI TEMP 1027HD** remain fully available.
- Both products are **UV-stable** and can be used **without a topcoat** in both insulated and non-insulated service.

Thank you for your understanding and continued partnership.

Kind regards.

A handwritten signature in black ink, appearing to read 'Tolga Korkmaz', with a large, stylized flourish at the end.
